

BlackOut® is unlike any other formula in the Kleenrite product line; it was specifically developed to target and emulsify the dark lines that appear around the edges of carpet, under doors and around air vents. This product will dissolve and suspend black carbon filtration and other pollution to the surface of the fibers for easy, thorough extraction.

**DILUTIONS**

- Heavy filtration: US: 8 ounces per quart of hot water.  
Metric: 250 milliliters per liter of hot water.
- Light filtration: US: 4 ounces per quart of hot water.  
Metric: 125 milliliters per liter of hot water.

**DIRECTIONS**

- 1) Shake gently before use.
- 2) Always test for color stability before use.
- 3) Apply with a pour spout or sprayer along filtration lines.
- 4) Agitate with a soft bristle brush, if necessary.
- 5) Extract with cleaning solution or rinse.

**TECHNICAL DATA**

pH at use dilution .....	9.25
Compound type .....	nonionic
Water solubility .....	complete
Freeze/thaw stable .....	yes
VOC compliant .....	yes
Shelf-life, years .....	10+

**AVAILABLE SIZES**

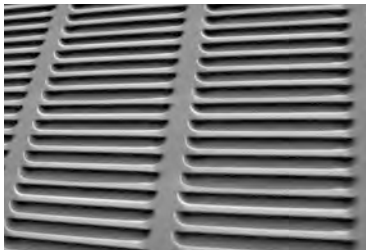

US gallon . 55-gallon drum

**ADVANTAGES AND USAGES**

- ▶ Dissolves and suspends black filtration lines from carpet edges, under doors and around air vents for easy thorough extraction.
- ▶ Safe for use on New Generation carpet and natural fibers, such as wool and cotton.
- ▶ Complete and natural residue and odor digestor.
- ▶ Excellent for the removal of copier toner.
- ▶ Concentrated for extra cost savings.
- ▶ This product does not contain Butyl Cellosolve.
- ▶ User safe.

**CUSTOMER INFORMATION**

Removes embarrassing dark lines that form around the edges of carpet.  
Does not leave residue; rinses completely.  
Prevents the need to replace carpet prematurely.  
Nontoxic. Biodegradable.
