

KleenRinse® Natural is a concentrated rinse, conditioner and deodorizer for carpet and upholstery. This product will remain behind to digest organic soap, soil residue and biotic substances that may not have been removed during cleaning. It will continue its biological action and deodorize waste tanks of extraction equipment.

DILUTIONS

- Portable: US: 2 to 4 ounces per gallon of water.
Metric: 15 to 30 milliliters per liter of water.
- Truckmount: US: 1 to 2 quarts into 5-gallon container.
Metric: 1 to 2 liters into 20-liter container.
Fill container with water.
Set meter at 2 to 4 gph.
- Additive to extraction solutions:
US: 2 ounces per gallon of solution.
Metric: 15 milliliters per liter of solution.

DIRECTIONS

- 1) Shake gently before use.
- 2) Always test for color stability before use.
- 3) Proceed to rinse using overlapping strokes. May be added to extraction solutions for use as an odor digester and fabric softener.

Note: This product can withstand extreme heat for short periods of time only.

TECHNICAL DATA

pH at use dilution	6.70
Compound type	nonionic
Water solubility	complete
Freeze/thaw stable	slight
VOC compliant	yes
Shelf-life, years	2+

[carpet & fabric natural rinsing agent]

AVAILABLE SIZES

US gallon . 55-gallon drum
