

Super X™ SN was formulated as a “10x” (10 times) concentrate to help combat high freight costs. This product provides the benefits of cleaning with alkalinity while eliminating any chance of alkaline related problems, such as yellowing or browning. A true all-in-one product for use on upholstery, area rugs and all types of carpet.

DILUTIONS

Portable:

Carpet: US: 2 ounces per 10 gallons of hot water.
 Metric: 60 milliliters per 40 liters of hot water.

Upholstery: US: 1 ounces per 10 gallons of hot water.
 Metric: 30 milliliters per 40 liters of hot water.

Truckmount:

US: 10 to 12 ounces into 5-gallon container.
 Metric: 300 to 375 ml into 20-liter container.
 Fill container with water.
 Set meter at 2 to 4 gph.

DIRECTIONS

- 1) Shake gently before use.
- 2) Always test for color stability before use.
- 3) For heavily soiled areas of carpet such as traffic lanes, apply a Kleenrite carpet pretreatment before extracting. For heavily soiled areas of furniture such as arms, apply Kleenrite Upholstery PreSpray before extracting.
- 4) Proceed to clean using overlapping strokes and dry passes.
- 5) If desired, KleenGuard® protector may be applied immediately after cleaning.

pH at use dilution	9.50/6.50
Compound type	nonionic
Water solubility	complete
DOT restrictions	none
Freeze/thaw stable	yes
VOC compliant	yes
Shelf-life, years	10+

AVAILABLE SIZES

US gallon

ADVANTAGES AND USAGES

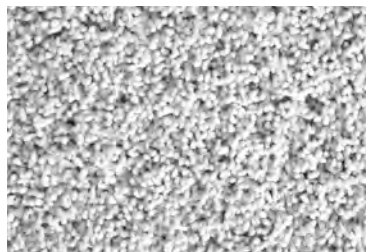

- ▶ A true, high performance “all-in-one” product.
- ▶ Self-neutralizing. Active pH is 9.50; after 10 minutes on fabric the pH will neutralize to 6.50.
- ▶ Safe for use on whites, cotton, silk, wool, velvets, satin and all colorfast fabrics, rugs and carpet.
- ▶ Eliminates any potential for browning caused by pH.
- ▶ Formulated to withstand extreme heat.
- ▶ Cost-effective super concentrate.
- ▶ This product does not contain Butyl Cellosolve.
- ▶ User safe.

CUSTOMER INFORMATION

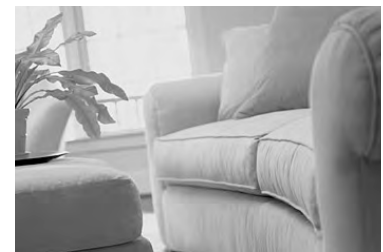

Hypoallergenic when dry.
 Does not leave residue; rinses completely.
 Excellent for use on silk or wool carpets.
 Nontoxic. Biodegradable.
